

Award Partners' Profile

International Innovation Awards Partner Chair of the Awards Committee Universiti Malaysia

UM vision as a global university impacting the world with mission pushing the boundaries of knowledge and nurturing aspiring leaders. UM is committed to conduct teaching and learning, carry out research and provide quality services on a global level, generate and enhance knowledge through continuous improvement efforts for the benefit of all stakeholders. As Malaysia's first university, UM needs to be a major global player in providing quality education as well as doing innovative and impactful research. As Malaysia's premier Research University, UM will continue to lead in research activities and create research impact that will benefit the society and solve world's problems.

International Innovation Awards Partner Deputy Chair of the Awards Committee Standard and Industrial Research Institute of Malaysia (SIRIM)

SIRIM - SIRIM Industrial Research is the frontline for technology innovations for various industries. SIRIM believes that through technological advancement, industries will see an increase in sustainability and in turn boosts the nation's economy. Under SIRIM's Industrial Research, there are Industrial Centers of Innovation (IC-Innovation), and Technology Centers.

Public Service Innovation Asia Partner Chair of the Awards Committee Malaysian Association of Creativity & Innovation (MACRI)

The Malaysian Association of Creativity & Innovation (MACRI) is a non-profit organization founded in 2007 with a mission to promote creativity and innovation. Led by Dato' Ghazi Sheikh Ramli, a prominent figure in innovation advocacy, MACRI aims to empower simple ideas and cultivate an innovative culture. It believes that everyone possesses creative potential and endeavors to inspire and train individuals from various backgrounds. MACRI collaborates with government agencies and educational institutions to advance the innovation agenda nationally. The association offers workshops, training programs, and support for innovators, aiming to complement government initiatives and facilitate the commercialization of innovations. Through partnerships like the Public Service Innovation Asia Awards with MTE, MACRI continues to champion and showcase innovation in Malaysia.

Asia Youth Innovation Awards Partner Chair of the Awards Committee National Stem Association (NSA)

The National Stem Association (NSA), founded in 2018 by Professor Emeritus Dato' Dr. Noraini Idris. As a beacon of progress and innovation in Malaysia, dedicated to fostering a profound interest in Science, Technology, Engineering and Mathematics (STEM) across all strata of society. NSA plays a leading and pivotal role in advancing STEM.

NSA aims to create a dynamic platform where individuals from all walks of life can engage with STEM, fostering a culture of curiosity, exploration and learning. By forging partnerships with local and international entities, NSA aspires to build a robust network that amplifies the impact of STEM education, creating a ripple effect that reaches far beyond geographical confines.
